Kerry County Childcare Committee (KCCC) – Contingency Continuity Plan in Response to Covid -19 (Coronavirus)

KCCC are following all guidelines and directives provided by the Health Service Executive (HSE) Chief Medical Officer and the Department of Health (DOH) and the Department of Children and Youth Affairs (DCYA) in relation to Covid-19. This means the KCCC office is currently closed as all staff are working from home. We will endeavour to continue to offer support to Early Years and SAC providers, childminders and parents in as seamless a manner as possible. Emails and phone calls directed to the office are being diverted to staff and will be responded to within our normal working hours of 9am to 5pm Monday to Friday. All staff are also answering calls to their mobile phones (see below).

Contact details:

- | | |
|--|--------------|
